Please note:

The courses from the list above are courses from four different programs and six different levels. Therefore, it can happen that some of the courses overlap time-wise.

The timetable for the following semester is published only four weeks prior to the beginning of semester so that there might occur some minor changes in your planned courses or your learning agreement.

But the choice is big enough and you can change and switch courses until end of April/beginning of May respectively until end of October/beginning of November. *

***Please note that due to measures to combat corona, there may be short-term changes or deviations!**

WBS Lecture Guide:

For an overview of all WBS courses (taught in English and German) during the semester, please compare https://www.hs-rm.de/fileadmin/Home/Fachbereiche/Wiesbaden_Business_School/Aktuelles/vz.pdf

Guide to Course ID:

Please always use the Course ID when communicating. Only the course ID clearly describes the course with its five-digit number, the course name is often ambiguous. The first number stands for the study program, the second for the degree, the third for the semester.

For example, course ID **71412** = **7** (International Management), **1** (Bachelor), **4** (4th semester)
